Throttle Body size		Tire Size	
Intake Manifold		Gear Ratio	
Headers (Size/Brand)		Estimated HP	
Mufflers (Size)		Estimated RPM Limit	
Comments			

Disclaimer

Dyno tuning will push the vehicle to its mechanical limits. It is the car owner's responsibility to ensure that the vehicle is in proper working order and capable of handling the stresses incurred. Any additional work necessary to bring the vehicle to this condition will be billed at \$100/hr + parts.

The under signed agrees to forever hold Henderson Performance Technologies harmless and indemnify against and from all claims, demands, losses, costs, damages, suits, judgments, penalties, expenses, or liability of any kind, or nature what so ever arising directly, or indirectly out of, or in connection with any custom engine management programming requested.

I hereby acknowledge and understand that I am aware of the potential risks involved with dyno tuning and waive any and all claims against Henderson Performance Technologies for any damages to my vehicle as a result. I have also read the Pre-Dyno Tuning Information and acknowledge that my vehicle meets the requirements and is ready for dyno tuning.
